ABOUT THE PRESENTER

Jeanne (Jeannie) Kolo-Johnson is the lead Deaf and Hard of Hearing Specialist for the Minnesota Department of Human Services, Deaf and Hard of Hearing Services Division (DHHSD). Her passion lies in educating people about their hearing loss and giving them the tools they need to advocate for themselves, with or without support. Prior to working for DHHSD, Jeannie worked as a certified sign language interpreter for almost twenty years.

When not working she likes to journal, crochet, travel, and try to figure out her young adult children.

Ellen Archambeau is the Telephone Equipment Distribution Program Specialist for the Minnesota Department of Human Services, DHHSD. Her passion lies in assisting people with their telecommunication needs. Her goal is to help people continue to talk with loved ones and to keep their independence. Ellen recently celebrated 17 years with DHHSD.

When not working she likes to spend time in nature: fishing, hiking, boating. She also enjoys spending time with friends and family, especially her first granddaughter.
